Delaware Air Rescue Team

We are accepting applications from members of the Delaware Fire Service to be a part of this helicopter based rescue group responsible for aerial rescues over land and water. Team members will be certified by Priority 1 Air Rescue as System Operators (SO) and Rescue Specialist (RS). Applicants will be required to pass a physical agility test and Criminal Background Check at the discretion of the Delaware State Police Aviation Section. An annual physical will be provided by the team member. All team members will be asked to sign a three (3) year commitment to the program. Applications are due to the Delaware State Fire School by 4pm Friday, April 5, 2018
